In door pull series FSB 6615 (Ø 30 mm), fixing is by means of laterally offset strap-type brackets. The fastening and gripping sides are separated from one another and hence protect hands. The innovative combination of fastening strap and pull lends the design an airy, vivacious appearance.

Special lengths are available per the chart above. Order 6615 099 and add distance (A) in parenthesis. FSB recommends a support distance (A) of max. 1200 mm.

**Fastening Methods** (Details on page 71)
